## Class II

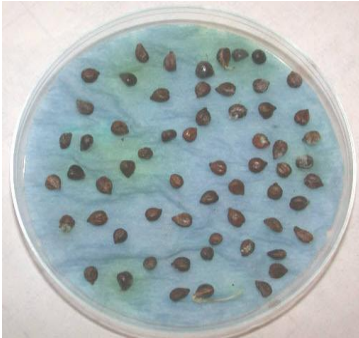

Dear Parents,

Warm Greetings!

Summer vacations are indeed a time for our students to rejuvenate, reinvigorate, revive and explore new domains. However, looking at the present predicament of the pandemic, it is essential that we encourage and support our children to brave the lockdown and positively deal with the quarantine period. Keeping the same in mind, our teachers have designed a stress free, productive and fun filled Holiday H.W. which will engage the children in various hands on activities/projects, keeping the pen and paper at bay.

We have also set forth some tips for the parents to make this quarantine period a fruitful experience for the kids:

- Encourage your child to maintain personal hygiene by washing his/her hands frequently.
- Encourage your child to nurture a hobby.
- Motivate your child to do random acts of kindness, e.g. plant something or feed a bird.
- Let your children spend time with their grandparents and hear their life experiences.
- Engage them in activities/indoor games that enhance concentration e.g. Jigsaw Puzzle, Chess.
- Reward your child's creative efforts, guide and support your child by boosting his/her confidence.
- Limit the screen time.
- Relive old memories with your child through photo albums and reminisce over past moments, stories and experiences.
- Encourage healthy eating habits.
- Spend time watching age appropriate movies:  
Suggested movies: 1. THE TOY STORY.  
2. DESPICABLE ME.  
3. THE GOOD DINASOUR.
- Ensure that the children revise the video tutorial lessons shared in the months of April and May to ensure that they stay in touch with their academics.
- Let your child develop positive association with books by encouraging him/her to read at least for half an hour every day.
- Give small simple tasks like laying the dining table, helping in laundry etc to instil the sense of responsibility among the young minds.
- Alongwith the above, help your child complete the following hands on activities subject wise:

Subject	Topic	Description	Reference/sample
Maths	Addition	<p><b>Activity-1</b>            Take empty wrappers (any 4) amount within Rs 100. Create 2 addition sums using the numbers printed on the wrappers as MRP. Then stick 2 wrappers on each side of the A4 size paper. Write the MRP written on each wrapper and add it.</p> <p><b>*Note-</b> Wrappers of any necessity items available in your home example-empty packet of detergent, biscuits, chips, etc</p> <p><b>Activity-2</b>            The students will make a sum of 20 by adding two digits using sticky notes or colourful papers as shown in the above picture. The students will write <u>Addition</u> as heading and <u>What Makes 20?</u> as a sub heading.</p>	
English	Nouns	<p>1. We are all in a Lockdown situation due to a virus called Covid-19. List the names and draw or paste pictures of any two person, place and things which can save us from this situation. Write two lines on each.</p>	
EVS	Growing with time	<p><b>Activity-1</b>            Students need to make a model displaying the life cycle of any living thing with the help of their parents by drawing or collecting the pictures and pasting them on a thermocol or paper plate or chart paper as a background.</p> <p><b>Activity-2</b>            Take a few seeds of Bengal gram (chana). Put some of it in a pad of cotton wool and keep it in sunlight. Put the rest of it in a pad of cotton wool and keep it in a dark place. Remember to water both of them. Observe what happens to both the seeds.</p>	

Wishing our lovely students a safe and fun filled vacation!

Warm Regards,

.....  
Mrs. Simran Sanghera  
Headmistress
